RESEARCH FUNDING, FELLOWSHIPS AND AWARDS

Grants and awards

- | | |
|------------------|--|
| 2023 | Global Wales / Cardiff Metropolitan University, Industrial Digitalisation project, \$4,000. |
| 2018–2022 | Private-donor grant, Macroeconomic Modelling and Policy Analysis for Emerging Countries, £220,000; Co-Investigator. |
| 2011–2013 | ESRC grant, Monetary and Fiscal Policy Rules with Labour Market and Financial Frictions, £350,000; Co-Investigator. |
| 2010–2011 | British Council grant, Robust Inference in Estimated Monetary Models, £2,000; Principal Investigator. |
| 2007–2008 | ESRC grant, An Empirical Reassessment of the New Keynesian Phillips Curve and Monetary Policy Rules, £50,000; Principal Investigator (graded Outstanding by ESRC). |
| 2007–2008 | Nuffield Foundation grant, An Empirical Examination of Pay-for-Performance Schemes and Their Effect on Well-Being, £7,000; Co-Investigator. |
| 2004 | FCT research grant, Monetary Policy and the Wealth Effect on Consumption; Co-Investigator. |
| 1998–2002 | FCT PRAXIS XXI doctoral scholarship. |

1994 ICEP Prize in International Economics, ISEG-UTL.

Research assessment and consultancy

2016–2017 External assessor, European Commission EduSFE Tempus project, led by Umeå University.

FCT project Consultant, Robust Inference in Rational Expectations Models (PTDC/EGE-ECO/116934/2010; PI Luís Martins).

FCT project Consultant, New Developments in Cointegration Subject to Structural Changes (PTDC/ECO/68367/2006; PI Luís Martins).

SELECTED CONFERENCE PRESENTATIONS AND ADDRESSES

Jun 2026 “Two-bloc Portugal–Euro Area DSGE Model with Housing.” Bank of Portugal, Lisbon.

Jun 2026 “Sanctions Transmission in Iran: An Estimated Decomposition.” University of Victoria, research seminar.

Jul 2025 “Estimating the Impact of Monetary Policy Shocks: A Model Averaging Approach.” International Association for Applied Econometrics, Turin.

May 2025 “Estimating the Impact of Monetary Policy Shocks: A Model Averaging Approach.” Canadian Economics Association, Montréal.

Mar 2025 “Down to the Last of the Mohicans: Disease, Trade and Conflict in the Great Lakes.” Canadian Network for Economic History, Montréal.

Aug 2024 “Common Persistent Cycles.” Econometric Models of Climate Change Conference, Cambridge, UK.

Aug 2024 “Climate Change: Across Time and Frequencies.” Poster, Econometric Models of Climate Change Conference, Cambridge, UK.

Jul 2024 “Imperfect Exchange Rate Pass-Through: Empirical Evidence and Monetary Policy Implications.” Portuguese Economic Journal Conference, Faro.

Jun 2024 “Down to the Last of the Mohicans: Disease, Trade and Conflict in the Great Lakes.” University of Victoria seminar.

May 2024 “Asymmetric Effects of Uncertainty Shocks: A FAIR Approach.” Canadian Economics Association, Toronto.

Jul 2023 “Modelling Low-Frequency Covariability of Paleoclimatic Data.” Western Economic Association, San Diego.

Jun 2023 “Gravity, Remoteness and Digitization.” Cardiff Metropolitan University (remote).

Jun 2023 “Monetary Growth Rules in an Emerging Open Economy.” Canadian Economics Association, Winnipeg.

Jun 2023 “Tail Risks and the Evolution of Temperatures.” Canadian Economics Association, Winnipeg.

Jun 2022 “Imperfect Exchange Rate Pass-Through: Empirical Evidence and Monetary Policy Implications.” Computational Economics Conference, Southern Methodist University; and Canadian Economics Association, Carleton University.

Nov 2021 “Revisiting the Role of CO₂ in Ice Ages Using Long-Run Covariability Methods.” IWH-CIREQ–GW Macroeconometric Workshop.

Aug 2021 “Revisiting the Role of CO₂ in Ice Ages Using Long-Run Covariability Methods.” Econometric Models of Climate Change Conference.

Apr 2021 “Monetary Growth Rules in an Emerging Open Economy.” Keynote, SAARC Workshop on Economic Modelling and Forecasting.

POSTGRADUATE SUPERVISION

PhD supervision

Since 2024 Forough Ghadamyari (ongoing).

Completed doctoral supervision (completion year): Leilane Cambara (2024); Roshni Tara and Maria Burmistrova (2023); Hyejin Park and Anthoulla Phella (2021); Joseph Grilli and Omar Boye (2020); Sultan Salem (2018); Fred Iklaga, Tae Min Lee and Marcelo Almeida (2017); Onur Akkaya (2016); Matteo Ghilardi (2013); Paul Middleditch (2011); Elena Kislyakova (2010); Pataaree Sangduan, Nkem Anyalezu and Bo Yang (2008).

Selected recent University of Victoria graduate supervision and committees

2025	Pantea Ghazei (MA supervisor); Andrew Johnston (PhD History, chair).
2024	Forough Ghadamyari (PhD supervisor); Izabela Kuzmanovski and Pouya Hatamzadeh (MA committees).
2022–2024	Rouzbah Parzi (MA extended essay supervisor); Bo Liu (PhD committee).
2023	Yongxiao Liang (PhD SEOS, chair).
2022	Gerard Mu (MA committee); Moein Amini (PhD committee).

PROFESSIONAL SERVICE

Editorial, reviewing and academic service

2026	External programme reviewer, A3ES (Universidade Lusófona); external tenure/promotion reviewer, Colby College.
2025	SSHRC Insight Grant reviewer; UVic Dean of Social Sciences and Associate Dean Academic Advising search committees.
2024	Organizer, Climate Econometrics session, Canadian Economics Association; PhD job-market mentoring event (Canadian Women Economists Committee).
2023	Organizer, Climate Econometrics session, Western Economic Association; chair, public panel on post-COVID central banking at UVic.
Since 2021	Associate Editor, Notas Económicas; External Expert, Economics Panel, A3ES.
Since 2020	Coordinator, macroprudential modelling collaboration, Bank of Portugal Department of Financial Stability.
2015–2018	Programme Committee, Royal Economic Society Conference.

Additional activities include guest editorship of a Journal of Risk and Financial Management special issue on DSGE models, energy policy and climate change adaptation, and external assessments of academic appointments and tenure cases.

External examining

External examiner, London School of Economics (from 2022); University of Reading (2018–2022); University of Manchester (2019–2021); University of Greenwich (2012–2016). External PhD examination appointments include Kent, Loughborough, Reading, Bielefeld, Pompeu Fabra, Manchester, ISCTE, Nova SBE, Essex and Porto.

Refereeing and learned societies

Refereeing includes the Journal of Econometrics, European Economic Review, Journal of Money, Credit and Banking, Journal of Banking & Finance, Economics Letters, Journal of Economic Dynamics and Control, Journal of Macroeconomics, Macroeconomic Dynamics, Economic Modelling, Empirical Economics, Econometrics and Statistics, International Journal of Forecasting, Journal of Financial Stability and numerous other journals.

Professional memberships include the American Economic Association, Canadian Economics Association, Western Economic Association, Econometric Society and Royal Economic Society.
